

In the Spirit of Mitch...

"Providing support to families of children with cancer".

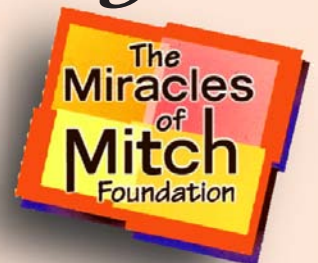

Mitch's Story

That Mitch Chepokas lost his life to cancer is, unfortunately, all too common of a story. What makes Mitch's story so extraordinary is that while his own days and strength were fading his awareness and compassion for how other cancer kids and their families were suffering continued to grow. Observing that not all cancer kids were blessed with the same love and support he felt Mitch felt compelled to give away monies earmarked for him to other cancer kids. To him it was a simple gesture. But what a 9 year old boy hadn't considered was how miraculous his gift would be for those families during their personal crisis. From that gesture Mitch's legacy became an inspiration, especially to other kids, and led his parents to form the Miracles of Mitch Foundation to carry out the final promise request of their son, a boy named Mitch.

Precision Heating and Cooling proudly contributes a percentage of its annual revenue. Please visit the foundation website and consider a personal donation.

What is the Miracles of Mitch Foundation?

Since its inception in 2003, the foundation has maintained two major giving goals: to provide financial assistance to the families of children diagnosed with cancer; and, for a child facing an advanced stage of cancer, an individually tailored quality of life initiative for that child and their family.

Why is there a need for the MOMF?

Most families coping with a child's long-term, or terminal illness experience financial difficulty even devastation. We provide immediate assistance in critical areas so the family can focus on their child and their battle with cancer. Unlike any other charitable organization, our grant requests are reviewed within 48 hours, an answer rendered and the grant is dispersed. We believe MOMF fills a unique need not met by any other organization with minimal paperwork and rapid relief. We deliver fun, quality time, a respite from financial worries and piece of mind when it's needed most.

How does the MOMF choose its grant recipients?

All grant requests must be prepared and submitted by local hospital social workers. By working exclusively through hospital staff we ensure families with the greatest need receive immediate help.

How are grants disbursed?

Grant awards are as diverse as the number of recipients. Financial assistance is often in the form of a rent or mortgage payment, utility payment, gas or grocery gift cards. Quality of Life assistance may be a Minnesota Miracle (Weekend family getaway at the Airport Hilton and Mall of America), travel assistance, specialized equipment, activities geared to the cancer-child's enjoyment. In all situations, MOMF provides direct payment only to the landlord, mortgage company, utility company or other provider on behalf of the grant recipient.

How can you help or get involved?

Please visit our website as we are always looking for volunteers to help with events, committee members, financial supporters, endowment gift givers, event participants, school groups and media relations. The best part...we have a lot of fun while making a difference in the lives of kids. They need you! We need you!
